

SUPER HIGH POWER PERC SOLAR MODULE

210 cell | 12BB | Half cut | High density encapsulation
Vertical packaging

Optional: JNMM120-590~610 | JNMM132-655~675

Low voltage & Ultra high power

Low Voc allows more modules per string,
reduces the cost at the DC side and improves system efficiency

Ultra-large and ultra-high-power modules, reducing transportation,
installation, operation and maintenance costs

12 year product warranty

25 year power generation warranty
