

SUPER HIGH EFFICIENCY N-HJT SOLAR MODULE

166 cell | 9BB | Half cut | Bifacial

Optional: **JNHM120-375~395** | **JNHM132-415~435** | **JNHM144-455~475**

Improve power generation in all aspects

- Lower temperature coefficient, PID-free, lower power loss in high temperature environment
- Excellent low light performance, increase power generation at dawn/dusk and in cloudy days
- Ultra-low power degradation ensures long-term performance
- Bifacial factor > 85%, 10%-35% extra power generation to be gained in different scenarios

✓ **12** year product warranty

✓ **30** year power generation warranty
